

PRODUCT/ PHOTO
<p>Remedial cream with Urea PSN050/051</p> 
PRODUCTION CONCEPT
<p>Suitable for different body areas - hands, elbows, knees, feet. Especially effective for cracked heels and hands. Softens and regenerates rough and cracked skin. The added Urea activates the regeneration process. Daily usage makes the skin elastic and smooth.</p> <p>73% of the ingredients are naturally derived according to the criteria of international standard ISO 16128.</p> <p>Key product components:</p> <ul style="list-style-type: none"> • Urea – ensures deep hydration, softens the skin, nourishes and stimulates cell division; • Glycerin – has the ability to attract and retain moisture in the skin, thereby protects and restores its natural barrier function; • Cera Alba – creates a protective film that has a beneficial effect on dry, rough and irritated skin;
APPLICATION
<p>Rub in the cream once or twice per day with a gentle massage until absorbed.</p>
